CMHPSM Mental Health Service Provider Training Resources

The following training resources are aggregated here for CMHPSM providers. Individual CMHSPs within the region may have specific additional trainings that are required in person. Your contract liaison within each CMHSP will be able to provide additional assistance with local training requirements.

The CMHPSM and its partner CMHSPs will utilize either the final page of the completed quiz (if applicable) or the attestation document for Medicaid claims verification and additional audit processes.
